WE ARE LOOKING FOR OUR NEXT CHANGE-MAKER

PROJECT/PROGRAM MANAGER

At Univercells, we are on a mission to make health equally accessible to all. We work every day to reinvent biomanufacturing processes, and develop or integrate the next innovative technologies.

Through the combination of process development and engineering expertise, we create synergies to deliver game-changing production capacities to achieve our mission: Biologics available and affordable to all!!!

This job is the perfect opportunity to contribute to our mission and be impactful.

Here, within the Biopark Charleroi Brussels South (Belgium), you will join a collaborative team full of passionate change-makers. You will be in charge of leading a major project/program in vaccine or antibodies development, from start to end. You will be the link between our process development team, our engineers, the client and the management. In short, you make sure the project/program delivers its promises!

Is it appealing to you? Are you a powerful thinker combined with efficient organizer and leader? Let's meet!

Start your journey by dropping us an email at job@univercells.com

RESPONSIBILITIES

- Manage on of our project/program from start to end
- Stimulate, align and coordinates all stakeholder's contributions
- Be the key interface with our client and partners
- Develop and maintain the project plan, resources, budget, risk assessment for the project/program
- Anticipate changes and take appropriate actions to mitigate impact on project's success
- Act as facilitator to integrate all technical contributions (bioprocess, engineering, external suppliers ...)
- Provide accurate and realistic reporting to client and management.

QUALIFICATIONS

- Master degree in Biology or Chemistry Engineer
- Min. 10 years' experience in pharmaceutical or biotech industries within different fields of activity (i.e.: process development, R&D, clinical trials, QC, production, scale up, tech transfer ...)
- Proven project/program management experience
- Ability to lead and influence without hierarchical position
- Second nature for organization, keeping deadlines, as well as communication
- Stress resistant and interest for start-up companies/SMEs
- Perfect fluent in English (French is a plus)
