WE ARE LOOKING FOR OUR NEXT CHANGE-MAKER **SUPPLY CHAIN MANAGER**

At Univercells, we are on a mission to make health equally accessible to all. We work every day to reinvent biomanufacturing processes, and develop or integrate the next innovative technologies.

Through the combination of process development and engineering expertise, we create synergies to deliver game-changing production capacities to achieve our mission: Biologics available and affordable to all!!

This job is the perfect opportunity to contribute to our mission and be impactful.

Here, within the Biopark Charleroi Brussels South (Belgium), you will join a collaborative team full of passionate change-makers. You will be in charge of building and optimizing the Supply Chain function, in close interaction with Operations, Project Management and Finance.

Is it appealing to you? Are you a passionate Supply Chain Manager, a powerful thinker combined with an efficient doer? Let's meet!

Start your journey by dropping us an email at job@univercells.com
